

Indiana Environmental Health Association, Inc.

P.O. Box 457 • Indianapolis, Indiana 46206 - 0457

Dear Potential Sponsor:

On behalf of the Indiana Environmental Health Association (IEHA), I would like to invite you to our 2022 Annual Fall Educational Conference at the Abe Martin Lodge, 1405 S.R. 46 West, Nashville, IN 47448. The Conference theme is “Environmental Health - Impact, Progress and Issue Mitigation in our world today”.

Who We Are? The IEHA is a not-for-profit organization of professionals working in the fields of environmental and public health. IEHA is 70 years old and consists of approximately 400 members. Members are employed by federal, state, and local governments, schools, industries, solid waste districts and are regulators and educators of public health. Our website is www.iehaind.org where there is more detail about the make-up of our committees and areas of expertise.

What Do We Do? In practical terms, IEHA represents the people who protect you from environmental and public health hazards such as: food-borne illness, water pollution, infectious diseases, vector-borne diseases, hazardous materials spills, unsanitary housing, contaminated drinking water, mold, radon, failing septic systems, lead poisoning, and even terrorism.

What's Happening? Each year IEHA hosts a Fall Educational Conference where public and environmental health issues are presented and discussed. Our fall conference is normally attended by around 200 members. Conference presentations are used as an educational tool to help better prepare environmental health workers for their role in protecting the public. This year's conference will be held from September 19-21, 2022 at the Abe Martin Lodge in beautiful Brown County.

Why Is It Important? The IEHA Conference is a critical tool for bringing the very latest in environmental and public health trends and continuing education to our members. For 2½ days, members are introduced to the emerging issues in the field, case studies, and various strategies for protecting against a wide array of environmental and public health threats.

Please Help Support Us! IEHA needs your support.

First, we are seeking representatives from organizations and industry to exhibit products and services to our members.

Second, we are seeking advertisers for the Conference Program.

Third, an important method of supporting IEHA is participation in our Sponsorship Program.

Enclosed you will find our Conference Package information. Please consider all of these opportunities as a way to support IEHA and the state of Indiana. The revenue generated is essential in attaining our objectives.

We welcome all variety of businesses and organizations to join in this effort. If you are active in the environmental area, we strongly urge you to sponsor, advertise or exhibit. Members in the field come in contact with thousands of people with environmental and public health problems and those people are in need of your services. And as a registered not-for-profit 501(c)(3) organization, your sponsorship is tax deductible.

Thank you for considering our request. We hope you can join us this year in Nashville. For more information, please contact Tami Barrett tbarrett@isdh.in.gov (317) 797-3255 OR Jennifer Heller, Conference Chair bcenvironmental@browncounty-in.us (317) 809-4341.

Sincerely,

Jennifer Heller

Jennifer Heller

IEHA President-Elect and Conference Chair
